

the business from his uncle, Roland Hemond, making note of textures and tastes, but, most critically, realizing that the key to award-winning products is time, patience, and diligence. The Patrys ensure that all their ingredients come from local farmers so as to maintain the integrity and freshness of their world-class dairy.

After generations of making the butter for friends and family, Mr. Patry decided to share this creamy spread with the world. The same process for making butter that was used in 1900 is still employed today, further proving Kate's Homemade Butter's commitment to quality over quantity. In 2006, the Patry family's hard work was rewarded when Kate's Homemade Butter won the first of its two gold medals from the World Dairy Expo, beating out thousands of entrants from around the world!

Winning their first gold medal in 2006 helped put Kate's Homemade Butter on the map in the eyes of national producers and highly esteemed culinary circles, including Food & Wine Magazine and Down East Magazine. In a move rarely seen at the World Dairy Expo, Kate's won again in 2008, achieving a very improbable score of 98.8 out of a possible 100. This accomplishment was described as a David versus Goliath moment by the Professor Emeritus in the Department of Food Studies at the University of Wisconsin, Dr. Robert Bradley, who is widely regarded as a pre-eminent industry authority. Dr. Bradley noted, "Here you have this relatively small producer in Maine, who, literally, makes his butter just in time to give his customers the absolute freshest product possible. He comes into the Expo arena this year, going up against the biggest names in the business—the largest manufacturers in the entire industry—and walks away with a near-perfect score. The finished product is his passion."

So, thank you, Daniel Patry for your passion and commitment to excellence at Kate's Homemade Butter and congratulations to you and your family on your award-winning product at the World Dairy Expo.●

TRIBUTE TO DONALD AND ELEANOR BUNN

● Mr. THUNE, Mr. President, today I wish to recognize Donald and Eleanor Bunn of Colorado Springs, CO. Donald and Eleanor will celebrate their 50th wedding anniversary this year on December 23.

Donald and Eleanor first met in 1947 while on a double date to a drive-in movie; however, at the time the two of them were on the date with other people. Following this meeting, they began dating sporadically until Don finished his active duty in the Navy. After Don's service in the Navy, their courtship resumed in full, and Donald and Eleanor were married on December 23, 1958 at the Virginia Avenue Baptist Church in Bristol, TN. The service was

performed by Reverend Haynes with Don's father, Silas Clifton Bunn, and Eleanor's sister, Anne Blevins Helms, as their witnesses. Eventually, Don and Eleanor made their home in Garden Grove, CA, where they raised their only daughter, Sharada.

I offer my congratulations to Donald and Eleanor on their 50th wedding anniversary and wish them many years of continued happiness.●

FROM THE PRESIDENT

Messages from the President of the United States were communicated to the Senate by Mrs. Neiman, one of his secretaries.

EXECUTIVE MESSAGES REFERRED

As in executive session the Presiding Officer laid before the Senate messages from the President of the United States submitting sundry nominations which were referred to the appropriate committees.

(The nominations received today are printed at the end of the Senate proceedings.)

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-448. A joint resolution adopted by the Alaska State Legislature relative to security and defense matters; to the Committee on Armed Services.

HOUSE JOINT RESOLUTION NO. 40 AM

Whereas the Constitution of the United States imposes on the national government a duty to provide for the common defense, and the states and the national government work together toward the security of each state; and

Whereas the Congressionally mandated Commission to Assess the Threat to the United States from Electromagnetic Pulse Attack found, in its report delivered July 2004, that an enemy using a low-yield nuclear weapon detonated at a high altitude above the United States, delivered by even a relatively unsophisticated short-range or medium-range ballistic missile, could make an electromagnetic pulse attack against the

United States, and that an electromagnetic pulse attack has the potential to place our society at risk and to defeat our military forces; and

Whereas the Alaska State Legislature views with growing concern the development of nuclear weapons technology worldwide and the proliferation of ballistic missile delivery systems that are controlled by unstable and potentially hostile foreign regimes; and

Whereas the threat from nuclear-armed ballistic missile attack has been reduced but not eliminated by the initial limited deployments of ground-based interceptors in Alaska and California; and

Whereas the Cold War doctrine of mutually assured destruction no longer represents a plausible security strategy because of the proliferation of ballistic missiles around the world; and

Whereas the testing of ballistic missiles launched from ships by enemies of the United States could indicate the intention of those enemies to use a platform off the coast of Alaska to employ short-range or medium-range missiles for a nuclear-generated electromagnetic pulse attack on American citizens; and

Whereas, in 1997, the Alaska State Legislature was the first of many state legislatures to petition the federal government to develop and deploy a robust and layered missile defense system that includes the most effective combination of land-based, sea-based, air-based, and space-based architectures;

Be it Resolved, That the Alaska State Legislature urges the United States to work with the State of Alaska to ensure that the state is prepared to respond to and recover from an electromagnetic pulse attack; and be it further

Resolved, That the Alaska State Legislature urges the United States to expand its ballistic missile defense system, and also to develop other methods, to defend against electromagnetic pulse attacks delivered by ballistic missiles, including missiles launched at American cities from ships off the coast of Alaska; and be it further

Resolved, That it is the policy of the state to include in its preparedness planning defense against electromagnetic pulse attacks, as those attacks intersect with the full range of risks, threats, and hazards confronting the state; and be it further

Resolved, That it is the policy of the state to educate Alaskans about the threat of electromagnetic pulse attacks causing massive losses of electric power and disruption to telecommunications and other vital services, including health, public safety, food, and transportation services that depend on reliable electric power; and be it further

Resolved, That the Alaska State Legislature encourages municipalities and private industry in the state to examine critical vulnerabilities in their infrastructures and to prepare for massive disruptions that could be caused by electromagnetic pulse attacks.

Copies of this resolution shall be sent to the Honorable George W. Bush, President of the United States; the Honorable Richard B. Cheney, Vice-President of the United States and President of the U.S. Senate; the Honorable Harry Reid, Majority Leader of the U.S. Senate; the Honorable Mitch McConnell, Minority Leader of the U.S. Senate; the Honorable Nancy Pelosi, Speaker of the U.S. House of Representatives; the Honorable Steny H. Hoyer, Majority Leader of the U.S. House of Representatives; the Honorable John Boehner, Minority Leader of the U.S. House of Representatives; the Honorable Robert M. Gates, United States Secretary of Defense; the Honorable Samuel W. Bodman, United States Secretary of Energy; the Honorable
